4. The Auditors

The auditors of the accounts relating to the Trust are PricewaterhouseCoopers LLP whose registered office is at 7 Straits View, Marina One, East Tower, Level 12, Singapore 018936 (the “**Auditors**”).

5. Structure of the Trust and Classes of Units

- 5.1** The Trust is a stand-alone open-ended unit trust and has no fixed duration.
- 5.2** Within the Trust, Classes of Units may be established by the Managers from time to time. Where a new Class of Units is established, the Managers may at their discretion re-designate any existing Class of Units as long as there is no prejudice to existing Holders of such Class.
- 5.3** A Class designated with an “A” in its name (“**Class A**”) is intended for retail investors. A Class designated with an “I” in its name (“**Class I**”) is a restricted Class and will only be offered to certain investors at the discretion of the Managers. These Classes also differ in terms of the fees and charges payable in respect of the Class, their minimum initial subscription and minimum subsequent subscription amount and their minimum holding and minimum realisation amounts. Please refer to paragraphs 8, 10.2 and 12.2 below for further details.
- 5.4** A Class will be designated as a distributing Class or an accumulating Class. It is intended that, in the normal course of business, accumulating Classes will not make any distributions and any net income or capital gains attributable to such accumulating Class will be accumulated in the net asset value attributable to that Class whereas distributing Classes may distribute income, net capital gains or capital as the Managers deem fit on an annual basis or otherwise at such frequencies as may be indicated by a letter designation in the name of the Class ((M) for monthly distributions, (Q) for quarterly distributions or (S) for semi-annual distributions). Distributions out of capital made by a Class will result in the erosion of capital for investors in that Class. Distributions made by a Class will lower the net asset value per Unit of that Class. Please refer to paragraph 19.3 for further details.
- 5.5** A Class may also be designated in currencies other than in Singapore Dollars, the base currency of the Trust. The currency designation of a Class is indicated in the name of the Class. Where a Class is designated in a currency other than in Singapore Dollars, the Managers will not employ any technique to hedge the Class’s exposure to changes in exchange rates between Singapore Dollars and the currency of the Class.
- 5.6** As at the date of this Prospectus, the Trust offers only one Class of Units, namely the “Class A (SGD) Accumulating”. However, the Managers may in their discretion offer other Classes of Units for subscription.
- 5.7** You may therefore wish to contact the Managers or an agent or distributor appointed by the Managers for the Trust to check if there is an updated list of available Classes of Units for the Trust.

6. CPFIS Included Scheme

The Trust is included under the CPF Investment Scheme (“**CPFIS**”) – Ordinary Account and the CPFIS – Special Account for investment by CPF members. It has been classified by the CPF Board under the risk classification of “Low to Medium Risk / Broadly Diversified”.

As at the date of this Prospectus, only Class A (SGD) Accumulating Units may be purchased with CPF monies. You may wish to contact the Managers or an agent or distributor appointed by the Managers for the Trust to check if there are other available Classes of Units for the Trust which may be purchased with CPF monies.

The CPF interest rate for the Ordinary Account (OA) is based on the weightage of 80% of the average 12-month fixed deposit and 20% of the average savings rates published by the major local banks. Under the Central Provident Fund Act, Chapter 36 of Singapore (the “**CPF Act**”), the CPF Board pays a minimum interest of 2.5% per annum when this interest formula yields a lower rate.

Savings in the Special Account and Medisave Account (SMA) are invested in Special Singapore Government Securities (SSGS) which earn an interest rate pegged to either the 12-month average yield of 10-year Singapore Government Securities (10YSGS) plus 1%, or 4% whichever is the higher, adjusted quarterly.

New Retirement Account (RA) savings are invested in SSGS which earns a fixed coupon equal to either the 12-month average yield of the 10YSGS plus 1% at the point of issuance, or 4%, whichever is the higher. The interest credited to the RA is based on the weighted average interest rate of the entire portfolio of these SSGS invested using new and existing RA savings and is computed yearly in January.

As announced in September 2017, the Government will maintain the 4% p.a. minimum rate for interest earned on all SMA and RA monies until 31 December 2018. Thereafter, interest rates on all CPF account monies will be subject to a minimum rate of 2.5% p.a. (unless the Government extends the 4% floor rate for interest earned on all SMA and RA monies).

The first \$60,000 of your combined CPF accounts earns an extra 1% interest. To enable members to earn extra interest, only monies in excess of \$20,000 in your Ordinary Account and \$40,000 in your Special Account can be invested.

In addition, CPF members aged 55 and above will also earn an additional 1% extra interest on the first S\$30,000 of their combined CPF balances (with up to S\$20,000 from the OA).

You should note that the applicable interest rates for each of the CPF accounts may be varied by the CPF Board from time to time.

Subscriptions using CPF monies shall at all times be subject to, amongst other things, the regulations and such directions or requirements imposed by the CPF Board from time to time.

7. Investment Objective, Focus and Approach

7.1 Investment Objective

The investment objective of the Trust is to maximise total returns in Singapore Dollar terms over the longer term by investing in a portfolio of high quality debt securities of Singapore and major global bond markets such as the G10 countries and Australia and New Zealand. The Trust aims to outperform the FTSE World Government Bond Index ex Japan (hedged to Singapore Dollar).

7.2 Scope of Investment and Risk Controls

7.2.1 The Managers' and (as the case may be) the Sub-Managers' investment policy will be to pursue an active but prudent approach which employs fundamental economic and market analysis to take maximum advantage of short and medium to long term investment opportunities in interest rate and currency trends of the global bond markets.

7.2.2 It is intended that the Trust achieves its investment objective by investing primarily in the following types of debt securities:

- (i) Fixed and floating rate government and corporate bonds plus convertible bonds, commercial papers, bankers acceptances, bills of exchange, certificates of deposits, promissory notes, bank bills and treasury bills issued by governments, government linked companies and corporations in (a) Singapore; (b) countries as defined by the FTSE World Government Bond Index ex Japan (currently these countries include USA, Germany, France, UK, Canada, Italy, the Netherlands, Denmark, Finland, Spain, Switzerland, Ireland, Austria, Australia, Sweden, Norway, Belgium, Mexico, Poland, Singapore, Malaysia and South Africa); or (c) in countries that are rated with a minimum of investment grade credit rating of Aa2 by Moody's, AA by Standard & Poor's ("**S&P**"), AA by Fitch Inc. or its equivalent investment grading by any other internationally reputable credit rating agency.

Since 3 January 2005, the Trust's investments in Japanese debt securities have been limited to 10% of its Deposited Property. Such investments in Japanese debt securities have been restricted to a minimum investment grade credit rating of A2 by Moody's, A by S&P, A by Fitch Inc. or its equivalent investment grading by any other internationally reputable credit rating agency.

- (ii) Otherwise, the Trust will place its monies on short term fixed deposits with banks that are rated with a minimum short term rating of A2 and P2 as defined by S&P and Moody's respectively and long term rating of A and A3 as defined by S&P and Moody's respectively.

7.2.3 To ensure that the Trust owns a portfolio of debt securities with high credit quality, it will only invest in debt securities issued by governments of benchmark countries or debt securities of issuers with a minimum credit rating of Aa2 by Moody's, AA by S&P, AA by Fitch Inc. or its equivalent investment grading by any other internationally reputable credit rating agency (and for issuers of Japanese debt

securities, a minimum credit rating of A2 by Moody's, A by S&P, A by Fitch Inc. or its equivalent investment grading by any other internationally reputable credit rating agency).

- 7.2.4** To protect the Singapore Dollar value of the Trust's investments, the Managers and (as the case may be) the Sub-Managers may employ an active currency hedging programme to manage their non-Singapore Dollar currency exposure. For prudent management of the underlying foreign currency exposures of the bond investments in the Trust, the hedging back into the Singapore Dollar - the base currency of the Trust - may range from 0% to 100% of the Trust's net asset value at all times, i.e., the Trust may range between being fully unhedged to fully hedged, but would never be leveraged in foreign currency exposure.
- 7.2.5** To assist diversification of credit risks, other than sovereign or sovereign related credit risks, exposure to any one corporate issuer is restricted to no more than 10% of the total value of the Deposited Property.
- 7.2.6** In order to ensure a greater degree of liquidity or marketability of the investments, the Trust will not invest in more than 5% of the aggregate issued and outstanding securities of any single issue.
- 7.2.7** The Managers and (as the case may be) the Sub-Managers currently do not intend to engage in securities lending and/or carry out repurchase transactions. However, should the Managers and (as the case may be) the Sub-Managers decide to engage in securities lending or repurchase transactions for the Trust, they shall comply with all applicable laws and regulations relating to securities lending and repurchase transactions.

7.3 Why Invest in the Legg Mason Western Asset Global Bond Trust?

- 7.3.1** An opportunity to invest in a diversified portfolio of global bonds which typically will have a more conservative risk profile in terms of lower volatility of returns compared to global equities and emerging market bonds and yet will benefit from the potentially more attractive returns over Singapore Dollar deposits via capital appreciation.
- 7.3.2** An opportunity to invest in a diversified portfolio of top credit quality bonds. The Trust will focus on bonds rated with a minimum of Aa2 by Moody's, AA by S&P, AA by Fitch Inc. or an equivalent or above investment grade credit rating by any internationally reputable credit rating agency (and for Japanese bonds, a minimum of A2 by Moody's, A by S&P, A by Fitch Inc. or an equivalent or above investment grade credit rating by any internationally reputable credit rating agency).
- 7.3.3** To provide investors with an opportunity to diversify risks away from other investment asset classes such as equities and thereby helping to create an investment portfolio that is more stable and balanced.
- 7.3.4** Offers investors exposure to opportunities arising from different business cycles and interest rate trends without the attendant issue specific or credit risks that tend to accompany investments in the stock markets.

7.4 Who Should Invest in the Legg Mason Western Asset Global Bond Trust?

- 7.4.1** When it comes to savings and investments every investor has differing needs, objectives and time horizons and should consider the Trust accordingly.
- 7.4.2** Over three to five years the potential expected returns from bonds are usually lower than those from equities, but superior to bank deposit rates. Investment in a bond fund may offer investors suitable portfolio diversification and more stable returns.
- 7.4.3** The Trust is potentially suitable for investors who require less volatile returns than those usually associated with that of equity investments.
- 7.4.4** The Trust may also appeal to those investors who want the opportunity to diversify their investments on a worldwide basis.

The Sub-Managers' fees will be payable by the Managers and will not be payable by the Trust.

Any Preliminary Charge is currently paid to the Managers' agents and distributors. Agents or distributors appointed by the Managers (the "**approved agents or distributors**") may differentiate between investors as to the amount of the preliminary charge or realisation charge payable (subject to the maximum permitted), or allow discounts on the basis or

scale that the approved agents or distributors think fit. You should also note that approved agents or distributors through whom you subscribe for Units may (depending on the specific nature of services provided) impose other fees and charges that are not disclosed in this Prospectus. You should therefore check with such agents and distributors as to whether any additional fees and charges are imposed.

As required by the Code on Collective Investment Schemes issued by the Authority (as may be amended from time to time) (the “**Code**”), all marketing, promotional and advertising expenses in relation to the Trust will be borne by the Managers and not charged to the Deposited Property (as defined in the Deed) of the Trust.

9. Risks

9.1 General risks

9.1.1 Before investing in the Trust, you should consider and satisfy yourself as to the risks of investing in the Trust. Generally, some of the risk factors that you should consider are economic (such as growth, inflation or policy changes), interest rate, political, liquidity, default, foreign exchange, regulatory, repatriation risks and the risks of investing in warrants.

9.1.2 An investment in the Trust is meant to produce returns over the long-term. You should not expect to obtain short-term gains from such investment.

9.1.3 You should be aware that the price of Units, and the income from them, may fall or rise. You may not get your original investment amount back.

9.1.4 Cyber Security Risks. With the increased use of technologies such as the internet and other electronic media and technology to conduct business, the Managers, the Trust and the Trust’s service providers and their respective operations are susceptible to operational, information security and related risks including cyber security attacks or incidents. In general, cyber incidents can result from deliberate attacks or unintentional events. Cyber attacks include, but are not limited to, gaining unauthorised access to digital systems, networks or devices (e.g., through “hacking” or malicious software coding) for purposes of misappropriating assets or sensitive information, corrupting data, or causing operational disruption. Cyber attacks may also be carried out in a manner that does not require gaining unauthorised access, such as causing denial-of-service attacks on websites (i.e., efforts to make network services unavailable to intended users). In addition to intentional cyber-events, unintentional cyber-events can occur, such as, for example, the inadvertent release of confidential information.

By affecting (a) the Managers, (b) the Trust and/or the Trust’s service providers and (c) the issuers of securities in which the Trust invests, cyber security failures or breaches have the ability to cause disruptions and impact business operations, potentially resulting in:

- (i) financial losses, shutting down, disabling, slowing or otherwise disrupting operations, business process or website access functionality;
- (ii) interference with the Trust’s ability to calculate its net asset value;
- (iii) impediments to trading;

- (iv) the inability of the Trust's Holders to transact business;
- (v) violations of applicable privacy and other laws;
- (vi) regulatory fines, penalties, reputational damage;
- (vii) reimbursement or other compensation costs or additional compliance costs; and
- (viii) the loss of proprietary information and data corruption.

Among other potentially harmful effects, cyber-events also may result in theft, unauthorised monitoring and failures in the physical infrastructure or operating systems that support the Managers and the Trust's service providers. Similar adverse consequences could result from cyber security attacks, failures or breaches affecting issuers of securities in which the Trust invests, counterparties with which the Trust engages in transactions, governmental and other regulatory authorities, exchange and other financial market operators, banks, brokers, dealers, insurance companies and other financial institutions (including financial intermediaries and service providers for the Trust's Holders) and other parties. In addition, substantial costs may be incurred in order to try to prevent any cyber incidents in the future.

9.2 Specific risks

The following are some of the risk factors that you should consider:

- 9.2.1** Prices of securities in the Trust may go down or up in response to changes in economic conditions, political conditions, interest rates and the market's perception of securities which in turn may cause the price of Units to rise or fall.
- 9.2.2** The income earned by the Trust may be affected by fluctuations in foreign exchange rates. The Managers and (as the case may be) the Sub-Managers will actively monitor and manage the Trust's exposure to adverse foreign exchange risks by hedging through the forwards or futures markets. In addition, a Class may be designated in currencies other than in Singapore Dollars. Where a Class is designated in a currency other than in Singapore Dollars, the Managers will not employ any technique to hedge the Class's exposure to changes in exchange rates between Singapore Dollars and the currency of the Class. Investors whose reference currency is Singapore Dollars may therefore be exposed to this exchange rate risk.
- 9.2.3** Issuers of instruments held in the Trust may default upon their obligations despite careful selection of issuers. Such risks however can be minimised through rigorous credit analysis.
- 9.2.4** Any investments by the Trust in bonds, debentures, loan stocks, convertibles and other debt securities may rise or decline in value if interest rates change. In general, the price of debt securities rises when interest rates fall, and falls when interest rates rise.

9.2.5 The investments in the Trust may be adversely affected by political instability as well as exchange controls, changes in taxation, foreign investment policies and other restrictions and controls which may be imposed by relevant authorities.

9.2.6 Subject to paragraph 19.4 of this Prospectus and the Deed, the Trust will use swaps, forwards, options and futures for the purposes of hedging and efficient portfolio management. Where such instruments are financial derivatives on commodities, such transactions shall be settled in cash at all times or as may otherwise be required under the Code. While this may create substantial opportunities, it also involves risk, including possible default by counterparties to the arrangement. To reduce counterparty risks, the counterparties will be top quality financial institutions. Some of other risks associated with financial derivatives are market risks, management risks, credit risks, liquidity risks and leverage risks. The value of financial derivative instruments is subject to market risks and may fall in value as rapidly as it may rise and it may not always be possible to dispose of such instruments during such fall in value. In such a situation, the cost incurred in obtaining the financial derivatives may not be recoverable. Investments in financial derivatives may require the deposit of initial margin and additional margins on short notice, if the market moves against the investment positions. If no provision is made for the required margin within the prescribed time, the Trust's investment positions may be liquidated at a loss.

Please refer to paragraph 19.9 for further information on the use of financial derivatives.

9.2.7 Whilst there is always a chance of any stock market becoming illiquid due to exceptional circumstances, global bonds of investment grades defined as Aa2 by Moody's, AA by S&P, AA by Fitch Inc. or its equivalent thereof by other internationally reputable credit rating agencies and Japanese bonds of investment grades defined as A2 by Moody's, A by S&P, A by Fitch Inc. or its equivalent thereof by other internationally reputable credit rating agencies, in which the Trust predominantly invests, have traditionally demonstrated a high level of liquidity.

The above should not be considered to be an exhaustive list of the risks which you should consider before investing in the Trust.

10. Subscription of Units

10.1 Subscription procedure

You may apply for Units through the approved agents or distributors or through their ATMs, if applicable. Investors who purchase Units using CPF monies may not be registered as joint Holders of Units.

You may pay for Units either with cash, Supplementary Retirement Scheme (“**SRS**”) monies or CPF monies from your CPF Ordinary Account or CPF Special Account. You may pay with SRS monies by instructing the relevant SRS operator to withdraw from your SRS account monies in respect of the Units applied for.

You may use CPF monies from your CPF Ordinary Account or CPF Special Account to purchase Units by indicating so on the application form and providing instructions or authorisation on that application form to the CPF Board to withdraw from your CPF

Ordinary Account for credit to your CPF Investment Account with a CPF agent bank or to the CPF Board to withdraw from your CPF Special Account (as the case may be) monies in respect of the Units applied for.

No transfer is permitted in respect of Units purchased with SRS monies or CPF monies.

In general, where your application to purchase Units is made and accepted, Units are issued:

- (i) if you subscribe using cash – to the approved agent or distributor or its nominee, whose name is entered into the Register as the legal unitholder. The approved agent or distributor or its nominee will hold those Units on your behalf; and
- (ii) if you subscribe using monies from your CPF Ordinary Account, CPF Special Account or SRS Account – in your name.

10.2 Minimum initial subscription amount and minimum subsequent subscription amount

The minimum initial subscription amount and the minimum subsequent subscription amount are as follows:

| | Minimum Initial Subscription Amount | Minimum Subsequent Subscription Amount |
|--------------------|--|--|
| All Class A | 1,000 in the currency designation of the relevant Class* | 100 in the currency designation of the relevant Class* |
| All Class I | 1,000,000 in the currency designation of the relevant Class* | 100,000 in the currency designation of the relevant Class* |

*unless otherwise determined by the Managers.

Some approved agents or distributors may have different minimum requirements. You should confirm with the relevant approved agent or distributor the applicable minimum requirements imposed by such approved agent or distributor in respect of the Trust.

10.3 Dealing cut-off time and pricing basis

10.3.1 As Units are issued on a forward pricing basis, the issue price of Units shall not be ascertainable at the time of application. In buying Units, you pay a fixed amount of money e.g., S\$1,000, which will buy you the number of Units (including fractions of Units) obtained from dividing S\$1,000 (less any preliminary charge) by the issue price when it has been ascertained later. The Managers' dealing cut-off time is 5 p.m. Singapore time on a Dealing Day¹. Units in respect of applications received and accepted by the Managers before the dealing cut-off time will be

¹ A "Dealing Day" in connection with the issuance and realisation of Units, means every Business Day or such Business Day or Business Days at such intervals as the Managers may from time to time determine provided that reasonable notice of any such determination shall be given by the Managers to all Holders at such time and in such manner as the Trustee may approve. A "Business Day" means any day (other than a Saturday, Sunday or gazetted public holiday) on which commercial banks are open for business in Singapore.

issued at that Dealing Day's issue price calculated in accordance with the provisions of the Deed (as summarised in paragraph 10.3.2 below). Applications received after the dealing cut-off time or on a day which is not a Dealing Day shall be treated as having been received on the next Dealing Day. The Managers' approved agents or distributors may have their own dealing cut-off times that are earlier than the Managers' dealing cut-off time for the receipt of applications and subscription monies. You should confirm the applicable dealing cut-off time with the relevant approved agent or distributor.

10.3.2 The issue price of a Unit of a Class on any Dealing Day is ascertained as follows:

- (i) by calculating the Value (calculated in accordance with the valuation principles set out in Clause 1(A) of the Deed and as set out in paragraph 19.8 in this Prospectus) as at the Valuation Point² in respect of the Dealing Day on which such issue occurs of the proportion of the Deposited Property represented by one Unit of the relevant Class, as the Managers may determine after consultation with the Trustee;
- (ii) by adding the appropriate Fiscal and purchase charges³; and
- (iii) by determining the resultant total up to four decimal places and rounding such figure to the nearest three decimal places (or such number of decimal places as the Managers may from time to time decide).

10.3.3 The preliminary charge will be retained by the Managers' approved agents or distributors and the amount of the aforesaid adjustment shall be credited to the Trust.

² The "**Valuation Point**" means the close of business of the last relevant market in relation to a Dealing Day on which the Value of the Deposited Property is to be determined or such other time on a Dealing Day or such other day as the Managers may from time to time determine after consultation with the Trustee and the Managers shall notify the Holders of such change if so required by the Trustee.

³ "**Fiscal and purchase charges**" means all stamp and other duties, taxes (including GST), governmental charges, brokerage, commissions, bank charges, transfer fees, registration fees and other duties and charges whether in connection with the constitution of the Deposited Property or the increase of the Deposited Property or the creation, issue, sale, exchange or purchase of Units or the sale or purchase of Authorised Investments or otherwise which may have become or may be payable in respect of or prior to or upon the occasion of the transaction or dealing in respect of which such duties and charges are payable but does not include commissions payable to agents on sales and repurchases of Units.

10.4 Numerical example of how Units are allotted

The number of Units allotted based on an investment amount of S\$1,000 and a notional issue price of S\$1.000 and assuming a 3% preliminary charge is calculated as follows:

$$\text{e.g. S\$1,000.00} - \text{S\$30} = \text{S\$970.00} / \text{S\$1.000} = 970 \text{ Units}$$

| Gross investment amount | 3% Preliminary Charge | Net investment amount | Notional issue price | Number of Units allotted |
|-------------------------|-----------------------|-----------------------|----------------------|--------------------------|
|-------------------------|-----------------------|-----------------------|----------------------|--------------------------|

You should note that the actual issue price per Unit will vary daily in line with the net asset value of the relevant Class. The above example is purely hypothetical and is not a forecast or indication of any expectation of performance of the Trust.

10.5 Confirmation of purchase

A confirmation note detailing the investment amount and the number of Units allocated to you will be sent within fourteen (14) Business Days from the date of issue of Units.

10.6 Cancellation of Units

If you are a first-time investor, you shall, subject to Clause 11A of the Deed and to the cancellation terms and conditions contained in the notice to cancel form, have the right to cancel your subscription of Units, without incurring the preliminary charge set out in paragraph 8 above, within seven (7) calendar days from the date of subscription of Units (or such longer period as may be agreed between the Managers and the Trustee or such other period as may be prescribed by the Authority) by providing notice in writing to the relevant approved agent or distributor through whom you purchased your Units. The cancellation proceeds payable in relation to the cancellation of a subscription of Units will be determined as the lower of the market value of the Units (the subscription of which is being cancelled) or the original subscription amount which you paid at the time of your subscription or purchase. The Managers shall be entitled to deduct an administrative fee of up to S\$10 from the cancellation proceeds to be paid to you for expenses reasonably related to the original purchase and cancellation request. Full details relating to the cancellation of Units may be found in the cancellation terms and conditions contained in the notice to cancel form.

11. Regular Savings Plan

A regular savings plan is not made available to investors in Singapore by the Managers. The approved agents or distributors of the Trust may, at their own discretion, offer regular savings arrangements for the benefit of investors in Singapore. Information on such regular savings arrangements, such as the minimum periodic contributions, timing of the investment deduction and Unit allocation, may be obtained from such approved agents or distributors. The terms of such regular savings arrangements will provide that Holders may cease participation in such arrangements without suffering any penalty by providing not less than 30 days' notice in writing to the relevant approved agent or distributor.

12. Realisation of Units

12.1 Realisation procedure

You may realise your Units on any Dealing Day by submitting the relevant realisation request form to the relevant approved agent or distributor through whom you purchased your Units.

Units in respect of realisation forms received and accepted by the Managers by the dealing cut-off time on a Dealing Day shall be realised at that Dealing Day's realisation price calculated in accordance with the provisions of the Deed (as summarised in paragraph 12.3.3 below). Realisation requests received after the dealing cut-off time or on a day which is not a Dealing Day shall be treated as having been received on the next Dealing Day.

You should note that the Managers may, with the approval of the Trustee, limit the total number of Units which Holders may realise on any Dealing Day to 10% of the total number of Units then in issue. If so, requests for realisation of Units on that Dealing Day will be reduced rateably and be treated as if made in respect of each subsequent Dealing Day until all Units to which the original request related have been realised.

12.2 Minimum holding and minimum realisation amount

The minimum holding and the minimum realisation amount are as follows:

| | Minimum Holding | Minimum Realisation Amount |
|--------------------|--|-----------------------------------|
| All Class A | 1,000 Units or such number of Units which would have been purchased for 1,000 in the currency designation of the relevant Class at the time of initial subscription* | 100 Units |
| All Class I | 1,000,000 Units or such number of Units which would have been purchased for 1,000,000 in the currency designation of the relevant Class at the time of initial subscription* | 100,000 Units |

*or such other number or amount as may from time to time be determined by the Managers.

Some approved agents or distributors may have different minimum requirements. You should confirm with the relevant approved agent or distributor the applicable minimum requirements imposed by such approved agent or distributor in respect of the Trust.

12.3 Dealing cut-off time and pricing basis

12.3.1 The Managers' dealing cut-off time in relation to each Dealing Day is 5 p.m. Singapore time on such Dealing Day. The Managers' approved agents or distributors may have their own dealing cut-off times that are earlier than the Managers' dealing cut-off time for the receipt of realisation requests. You should confirm the applicable dealing cut-off time with the relevant approved agent or distributor.

12.3.2 As Units are realised on a forward pricing basis, the realisation price of Units is not ascertainable at the time of realisation.

12.3.3 The realisation price of a Unit of the relevant Class on any Dealing Day is ascertained as follows:

- (i) by calculating the Value (calculated in accordance with the valuation principles set out in Clause 1(A) of the Deed and as set out in paragraph 19.8 in this Prospectus) as at the Valuation Point in respect of the Dealing Day on which the realisation request is received, of the proportion of the Deposited Property then representing one Unit of the relevant Class, as the Managers may determine after consultation with the Trustee;
- (ii) by deducting therefrom the appropriate Fiscal and sale charges⁴; and
- (iii) by determining the resultant total up to four decimal places and rounding such figure to the nearest three decimal places (or such number of decimal places as the Managers may from time to time decide).

The realisation proceeds shall be net of the prevailing realisation charge. The realisation charge, if any, shall be retained by the Managers and the amount of the aforesaid adjustment will be credited to the Trust. Currently, no realisation charge is imposed on the realisation of Units.

⁴ "**Fiscal and sale charges**" means all stamp and other duties, taxes (including GST), governmental charges, brokerage, commissions, bank charges, transfer fees, registration fees and other duties and charges whether in connection with the constitution of the Deposited Property or the increase of the Deposited Property or the creation, issue, sale, exchange or purchase of Units or the sale or purchase of Authorised Investments or otherwise which may have become or may be payable in respect of or prior to or upon the occasion of the transaction or dealing in respect of which such duties and charges are payable but does not include commissions payable to agents on sales and repurchases of Units.

12.4 Numerical example of realisation

The amount payable on a realisation, based on the realisation of 1,000 Units and a notional realisation price of S\$0.970 and assuming a 0% realisation charge, is calculated as follows:

| | | | | | | | | |
|---------------------|---|----------------------------|---|----------------------------|---|--------------------|---|--------------------------|
| e.g. 1,000 Units | X | S\$0.970 | = | S\$970.00 | - | S\$0.00 | = | S\$970.00 |
| Realisation request | | Notional realisation price | | Gross realisation proceeds | | Realisation charge | | Net realisation proceeds |

You should note that the actual realisation price per Unit will vary daily in line with the net asset value of the relevant Class. The above example is purely hypothetical and is not a forecast or indication of any expectation of performance of the Trust.

12.5 Payment of realisation proceeds

If you had purchased your Units with cash, realisation proceeds shall normally be paid within four (4) Business Days (or within such other period as may be permitted by the Authority) of receipt and acceptance of the realisation form by the Managers unless the realisation of Units has been suspended in accordance with paragraph 14.

If you had purchased your Units with SRS monies, realisation proceeds shall be paid to the Holder's SRS operator usually within four (4) Business Days (or within such other period as may be permitted by the Authority) of receipt and acceptance of the realisation form by the Managers unless realisation of Units has been suspended in accordance with paragraph 14.

If you had purchased your Units with CPF monies from your CPF Ordinary Account, realisation proceeds shall be paid to your CPF agent bank usually within four (4) Business Days (or within such other period as may be permitted by the Authority) of receipt and acceptance of the realisation form by the Managers unless the realisation of Units has been suspended in accordance with paragraph 14.

If you had purchased your Units with CPF monies from your CPF Special Account, realisation proceeds shall be paid to the CPF Board for the credit of your CPF Special Account usually within four (4) Business Days (or within such other period as may be permitted by the Authority) of receipt and acceptance of the realisation form by the Managers unless the realisation of Units has been suspended in accordance with paragraph 14.

13. Obtaining Prices of Units

The indicative net asset value of the Units is published on each day on the Managers' website at www.leggmason.com.sg. The actual net asset value of the Units is normally published two (2) Business Days after the relevant Dealing Day. The issue and realisation prices of the Units will be calculated as described in paragraphs 10.3 and 12.3.

You should note that the Managers do not accept any responsibility for any errors on the part of the publisher in the prices published or for any non-publication or late

publication of prices by such publisher and shall incur no liability in respect of any action taken or loss suffered by any person in reliance upon such publication.

14. Suspension of Dealing

14.1 Subject to the provisions of the Code, the Managers or the Trustee may, with the prior approval of the other, suspend the issue and/or realisation of Units during:

14.1.1 any period when the Recognised Exchange⁵ (as defined in the Deed) or OTC Market⁶ (as defined in the Deed) on which any Authorised Investments⁷ forming part of the Deposited Property for the time being are listed or dealt in is closed (otherwise than for ordinary holidays) or during which dealings are restricted or suspended;

14.1.2 the existence of any state of affairs which, in the opinion of the Managers might seriously prejudice the interests of the Holders as a whole or of the Deposited Property;

⁵ "Recognised Exchange" means any stock exchange, futures exchange or options exchange of repute in Singapore and any country in any part of the world and in relation to any particular Authorised Investment shall be deemed to include any responsible firm, corporation or association in Singapore and any part of the world dealing in the Authorised Investment which the Managers may from time to time elect with the approval of the Trustee.

14.2 Subject to the provisions of the Code, the Trustee may also instruct the Managers to temporarily suspend the issue and realisation of Units during any period of consultation or adjustment of the issue and realisation price arising from the provisions of Clause 10(B)(v) and Clause 12(F)(ii) of the Deed respectively.

14.3 Such suspension shall take effect forthwith upon the declaration in writing thereof to the Trustee by the Managers or to the Managers by the Trustee, as the case may be and, subject to the provisions of the Code, shall terminate on the day following the first Business Day on which the condition giving rise to the suspension shall have ceased to exist and no other conditions under which suspension is authorised under Clauses 10(G) and 12(F)(ii) of the Deed (as reproduced in this paragraph 14) shall exist upon the declaration in writing thereof by the Managers or the Trustee (as the case may be).

Notes:

1. Source (performance calculation of the Trust): Legg Mason. Performance calculation is based on NAV to NAV (single pricing basis taking into account Preliminary Charge and Realisation Charge) with net dividends reinvested, in Singapore Dollars. Return presented for a period exceeding one year is on an average annual compounded basis.

Inception date of the Trust and the Class A (SGD) Accumulating is 2 November 1998.

2. Source (performance calculation of the benchmark): Legg Mason. Performance calculation of the benchmark is based on NAV to NAV with net dividends re-invested, in Singapore Dollars. The benchmark against which the performance of the Trust is measured is the FTSE World Government Bond Index ex Japan (formerly known as Citigroup World Government Bond Index ex Japan), which was hedged to Singapore Dollar with effect from 1 April 2011 to reduce the impact of currency fluctuations on the performance of the benchmark. Prior to 3 January 2005, the benchmark against which the performance of the Trust was measured was the FTSE World Government Bond Index (S\$) (formerly known as Citigroup World Government Bond Index (S\$)). The reason for the change is because the FTSE World Government Bond Index ex Japan better reflects the investment focus and strategy of the Trust. Benchmark performance shown is a chain-link of the performance of the FTSE World Government Bond Index ex Japan, which was hedged to Singapore Dollar with effect from 1 April 2011 and, prior to 3 January 2005, the performance of the FTSE World Government Bond Index (S\$).
3. Classes which have not been incepted or which have been incepted for less than one year as at the date of this Prospectus are not included in the above table as a track record of at least one year is not available in respect of such Classes.

The past performance of the Trust is not necessarily indicative of its future performance.

15.2 Expense ratio

The expense ratio of the Class A (SGD) Accumulating for the financial period ended 31 March 2018 is 0.87%. No other Classes were incepted as at 31 March 2018.

The expense ratio is calculated in accordance with the guidelines issued by the Investment Management Association of Singapore on the disclosure of expense ratios and based on figures in the Trust's latest audited accounts. The following expenses (where applicable) are excluded from the calculation of the expense ratio:

- (a) brokerage and other transaction costs associated with the purchase and sales of investments (such as registrar charges and remittance fees);
- (b) interest expense;
- (c) foreign exchange gains and losses of the Trust, whether realised or unrealised;

- (d) front end loads, back end loads and other costs arising on the purchase or sale of a foreign unit trust or mutual fund;
- (e) tax deducted at source or arising on income received, including withholding tax; and
- (f) dividends and other distributions paid to Holders.

15.3 Turnover ratio

The turnover ratio is calculated based on the lesser of purchases or sales expressed as a percentage over the average net asset value of the assets of the Trust, i.e. average daily net asset value over the same period used for calculating the expense ratio. The turnover ratio for the one year period ended 31 March 2018 is 27.69%.

16. Soft Dollar Commissions/Arrangements

The Managers and Sub-Managers currently do not but shall be entitled to receive and enter into soft-dollar commissions/arrangements in respect of the Trust. The Managers and Sub-Managers will comply with applicable regulatory and industry standards on soft-dollars. The soft-dollar commissions which the Managers and Sub-Managers may receive include specific advice as to the advisability of dealing in, or the value of any investments, research and advisory services, economic and political analyses, portfolio analyses including valuation and performance measurements, market analyses, data and quotation services, computer hardware and software or any other information facilities to the extent that they are used to support the investment decision making process, the giving of advice, or the conduct of research or analysis, and custodial service in relation to the investments managed for clients.

Soft-dollar commissions received shall not include travel, accommodation, entertainment, general administrative goods and services, general office equipment or premises, membership fees, employees' salaries or direct money payment.

The Managers and the Sub-Managers will not accept or enter into soft dollar commissions/arrangements unless such soft-dollar commissions/arrangements would, in the opinion of the Managers or the relevant Sub-Manager (as the case may be), assist it in its management of the Trust, provided that it shall ensure at all times that best execution is carried out for the transactions, and that no unnecessary trades are entered into in order to qualify for such soft-dollar commissions/arrangements.

17. Conflicts of Interest

- 17.1** The Managers and, as the case may be, the Sub-Managers (and the reference to "Managers" in this paragraph 17 shall include reference to "Sub-Managers" as applicable) may from time to time have to deal with competing or conflicting interests of the Trust with other funds managed by the Managers. For example, the Managers may make a purchase or sale decision on behalf of some or all of the other funds managed by them without making the same decision on behalf of the Trust, as a decision whether or not to make the same investment or sale for the Trust depends on factors such as the cash availability and portfolio balance of the Trust. However, the Managers will use reasonable endeavours at all times to act fairly and in the interests of the Trust. In particular, after taking into account the availability of cash and relevant investment guidelines of the other funds managed by

the Managers, the Managers will endeavour to ensure that securities bought and sold will be allocated in an equitable and practical manner among the Trust and the other funds managed by the Managers.

- 17.2** The factors which the Managers will take into account when determining if there are any conflicts of interest as described in paragraph 17.1 above include the assets and, where applicable, the debt securities of the Trust. To the extent that another fund managed by the Managers intends to purchase substantially similar assets, the Managers will ensure that the assets are allocated equitably and that the interests of all investors are treated equally between the Trust and the other funds.
- 17.3** The Managers may from time to time act as investment manager or investment adviser in relation to, or be otherwise involved in, other funds which have similar investment objectives to those of the Trust. It is, therefore, possible that they may, in the course of business, have potential conflicts of interests with the Trust. The Managers will, at all times, have regard in such event to their obligations to the Trust and will ensure that such conflicts are resolved fairly. In addition, the Managers and each of their affiliated entities will, at all times, have regard to their obligations to the Trust and shall ensure that in any transaction carried out with the Trust, such transaction will be carried out as if effected on normal commercial terms negotiated at arm's length.
- 17.4** The Managers or their related entities or the Trustee may own, hold, dispose or otherwise deal with Units as though they were not a party to the Deed. If there is any conflict of interest arising as a result of that dealing, the Managers and the Trustee, following consultation, will resolve the conflict in a just and equitable manner as they deem fit.
- 17.5** Associates of the Trustee may be engaged to provide financial, banking or brokerage services to the Trust or buy, hold and deal in any investments, enter into any contracts or other arrangements with the Trustee and make profits from those activities. Such services, where provided, and such activities with the Trustee, where entered into, will be on an arm's length basis.

18. Reports

18.1 Financial year-end and distribution of reports and accounts

The financial year-end for the Trust is 31 March. The annual report, annual accounts and the auditor's report on the annual accounts will be prepared and sent or made available to the Holders within 3 months of the financial year-end (or such other period as may be permitted by the Authority). The semi-annual report and semi-annual accounts will be prepared and sent or made available to the Holders within 2 months of the financial half-year end (or such other period as may be permitted by the Authority).

19. Other Material Information

19.1 Information on Investments

At the end of each quarter, Holders will receive a statement showing the value of their investment, including any transactions during the quarter. However, if there is any transaction within a particular month, Holders will receive an additional statement at the end of that month.

19.2 Liabilities and Indemnities

The following is an extract from the Deed. For full information on such liabilities and indemnities, please refer to the Deed:

- 19.2.1** The Trustee and the Managers shall incur no liability in respect of any action taken or thing suffered by them in reliance upon any notice, resolution, direction, consent, certificate, affidavit, statement, certificate of stock, plan of reorganisation or other paper or document believed to be genuine and to have been passed, sealed or signed by the proper parties, provided that it or they have acted in good faith, without negligence and with due care.
- 19.2.2** The Trustee and the Managers shall incur no liability to the Holders for doing or (as the case may be) failing to do any act or thing which by reason of any provision of any present or future law or regulation made pursuant thereto, or of any decree, order or judgment of any court, or by reason of any request, announcement or similar action (whether of binding legal effect or not) which may be taken or made by any person or body acting with or purporting to exercise the authority of any government (whether legally or otherwise) either they or any of them shall be directed or requested to do or perform or to forbear from doing or performing. If for any reason it becomes impossible or impracticable to carry out any of the provisions of the Deed neither the Trustee nor the Managers shall be under any liability therefor or thereby.
- 19.2.3** Neither the Trustee nor the Managers shall be responsible for any authenticity of any signature or of any seal affixed to any transfer or form of application, endorsement or other document (whether sent by mail, facsimile, electronic means or otherwise) affecting the title to or transmission of Units or be in any way liable for any forged or unauthorised signature on or any seal affixed to such endorsement, transfer or other document or for acting upon or giving effect to any such forged or unauthorised signature or seal. The Trustee and the Managers respectively shall nevertheless be entitled but not bound to require that the signature of any Holder to any document required to be signed by him under or in connection with the Deed shall be verified to its or their reasonable satisfaction.
- 19.2.4** Any indemnity expressly given to the Trustee or the Managers in the Deed is in addition to and without prejudice to any indemnity allowed by law; provided nevertheless that any provision of the Deed shall be void insofar as it would have the effect of exempting the Trustee or the Managers from or indemnifying them against any liability for breach of trust or any liability which by virtue of any rule of law would otherwise attach to them in respect of any negligence, default, breach of duty or trust of which they may be guilty in relation to their duties where they fail to show the degrees of diligence and care required of them having regard to the provisions of the Deed.
- 19.2.5** Nothing contained in the Deed shall be construed so as to prevent the Managers and the Trustee in conjunction or separately from acting as managers or trustee of trusts separate and distinct from the Trust and neither of them shall in any way be liable to account to the Trust or any other person for any profit or benefit made or derived hereby or in connection therewith.

- 19.2.6** Neither the Trustee nor the Managers shall be responsible for acting upon any resolution purported to have been passed at any meeting of the Holders in respect whereof minutes shall have been made and signed even though it may be subsequently found that there was some defect in the constitution of the meeting or the passing of the resolution or that for any reason the resolution was not binding upon all the Holders.
- 19.2.7** The Trustee and the Managers may accept as sufficient evidence of the Value of any Authorised Investment or the cost price or sale price thereof or of any market quotation a certificate by a person, firm or association qualified in the opinion of the Managers to provide such a certificate.
- 19.2.8** At all times and for all purposes of the Deed the Trustee and the Managers may rely upon the established practice and rulings of any Recognised Exchange or OTC Market and any committees and officials thereof on which any dealing in any Authorised Investment or other property is from time to time effected in determining what shall constitute a good delivery and any similar matters and such practice and rulings shall be conclusive and binding upon all persons under the Deed.
- 19.2.9** Neither the Managers nor the Trustee shall be responsible to the Trust or any Holder for any loss or damage arising from reasons, or causes beyond their control, or the control of any of their respective employees, including, without limitation, nationalisation, expropriation, currency restrictions, acts of war, insurrection, revolution, civil unrest, riots or strikes, nuclear fusion or acts of God.
- 19.2.10** Notwithstanding anything contained in the Deed but subject to applicable laws and regulations:
- (i) the Trustee shall not incur any liability in respect of or be responsible for losses incurred through the insolvency of or any act or omission of any depository or clearing system with which Authorised Investments may be deposited or any broker, financial institution or other person (or in each case its nominee) with whom Authorised Investments are deposited in order to satisfy any margin requirement;
 - (ii) the Trustee shall not incur any liability in respect of or be responsible for losses incurred through the insolvency of or any act or omission of any nominee, custodian, joint custodian or sub-custodian appointed by the Trustee except where the Trustee has failed to exercise reasonable skill and care in the selection, appointment and monitoring of such appointee (having regard to the market in which the relevant appointee is located) or the Trustee is in wilful default; and
 - (iii) the Trustee shall not incur any liability in respect of or be responsible for losses through the insolvency of or any act or omission of any sub-custodian not appointed by it.
- 19.2.11** Save for any negligence, fraud or wilful default by the Trustee, the Trustee shall not be under any liability on account of anything done or suffered to be done by the Trustee in good faith in accordance with or in pursuance of any request or

advice of the Managers (or the delegates or distributors appointed by the Managers). Whenever pursuant to any provision of the Deed by certificate, notice, instruction or other communication is to be given by the Managers (or the delegates or distributors appointed by the Managers) to the Trustee the Trustee may accept as sufficient evidence thereof a document signed or purporting to be signed on behalf of the Managers (or the relevant delegate or distributor appointed by the Managers) by any one person whose signature the Trustee is for the time being authorised by the Managers (or as the case may be, the relevant delegate or distributor appointed by the Managers) under their common seal to accept and may act on electronic mail and facsimile instructions given by authorised officers of the Managers (or the relevant delegate or distributor appointed by the Managers) specified in writing by the Managers (or the relevant delegate or distributor appointed by the Managers) to the Trustee.

19.2.12 The Trustee may act upon any advice of or information obtained from the Managers or any bankers, accountants, brokers, lawyers, agents or other persons acting as agents or advisers of the Trustee or the Managers and the Trustee shall not be liable for anything done or omitted or suffered in reliance upon such advice or information, provided it has acted in good faith, without negligence and with due care. The Trustee shall not be responsible for any misconduct, mistake, oversight, error of judgment, forgetfulness or want of prudence on the part of any such banker, accountant, broker, lawyer, custodian, joint custodian or sub-custodian, agent or other person as aforesaid or of the Managers, provided the Trustee has acted in good faith, without negligence and with due care. Any such advice or information may be obtained or sent by letter, electronic mail or facsimile and the Trustee shall not be liable for acting on any advice or information purported to be conveyed by any such letter, electronic mail or facsimile although the same contains some error or is not authentic.

19.2.13 The Trustee (or the Managers or their agents with the approval of the Trustee) shall (subject as provided in the Deed) be entitled to destroy all instruments of transfer which have been registered at any time after the expiration of six years from the date of registration thereof and all distribution mandates which have been cancelled or lapsed at any time after the expiration of one year from the date of cancellation or lapse thereof and all notifications of change of address after the expiration of one year from the date of the recording thereof and all forms of proxy in respect of any meeting of Holders one year from the date of the meeting at which the same are used and all registers, statements and other records and documents relating to the Trust at any time after the expiration of six years from the termination of the Trust. Neither the Trustee nor the Managers nor their agents shall be under any liability whatsoever in consequence thereof and unless the contrary be proved every instrument of transfer so destroyed shall be deemed to have been a valid and effective instrument duly and properly registered and every other document hereinbefore mentioned so destroyed shall be deemed to have been a valid and effective document in accordance with the recorded particulars thereof. Provided Always That:

- (i) the provisions aforesaid shall apply only to the destruction of a document in good faith and without notice of any claim (regardless of the parties thereto) to which the document might be relevant;
- (ii) nothing in this paragraph 19.2.13 shall be construed as imposing upon the Trustee or the Managers or other agents any liability in respect of the destruction of any document earlier than as aforesaid or in any case where the conditions of paragraph 19.2.13(i) above are not fulfilled; and
- (iii) references to the destruction of any document include references to the disposal thereof in any manner.

19.3 Distributions

Distributions of income, net capital gains and capital will be at the Managers' sole discretion. Distributions out of income, net capital gains and/or capital (if any) will lower the net asset value of the Trust.

It is intended that, in the normal course of business, accumulating Classes will not make any distributions whereas distributing Classes may distribute income, net capital gains or capital as the Managers deem fit.

Distributions in respect of a distributing Class will generally be declared at the following frequencies:

| Distributing Class letter designation | Frequency of distribution declaration |
|---------------------------------------|---|
| (M) | Monthly |
| (Q) | Quarterly (generally in March, June, September, December) |
| (S) | Semi-Annually (generally in March, September) |

Where there is no letter designation in the name of the distributing Class, distributions for such Class will be declared on an annual basis (generally in March).

Distributions are at the discretion of the Managers and there is no guarantee that any distribution will be made and if distributions are made, such distributions are not in any way a forecast, indication or projection of the future or likely performance/distribution of the Trust. The making of any distribution shall not be taken to imply that further distributions will be made.

19.4 Investment Restrictions and Borrowing Limits

19.4.1 The Managers will ensure compliance with the CPF Investment Guidelines for CPFIS Included Funds issued by the CPF Board on 15 September 2003, as the same may be amended, restated, supplemented or replaced from time to time.

19.4.2 In addition, the Managers will ensure compliance with any investment and borrowing restrictions set out in Appendix 1 of the Code, as the same may be amended, restated, supplemented or replaced from time to time.

- 19.6.2** Either the Trustee or the Managers may in their absolute discretion terminate the Trust by not less than three months' notice in writing to the other given so as to expire at the end of the Accounting Period. Either the Trustee or the Managers shall be entitled by notice in writing to make the continuation of the Trust beyond any such date conditional on the revision to its or their satisfaction at least three months before the relevant date of its or their remuneration. In the event that the Trust shall fall to be terminated or discontinued the Managers shall give notice thereof to all Holders not less than three months in advance. The decision of the Trustee in any of the events specified in this paragraph 19.6.3 shall be final and binding upon all the parties concerned but the Trustee shall be under no liability on account of any failure to terminate the Trust pursuant to this paragraph 19.6.3 or otherwise. The Managers shall accept the decision of the Trustee and relieve the Trustee of any liability to them therefor and hold it harmless from any claims whatsoever on their part for damages or for any other relief.

19.6.4 The Trust may be terminated by the Managers in their absolute discretion by notice in writing as hereinafter provided (i) if the average aggregate value of the Deposited Property shall be less than S\$3,000,000 or (ii) if any law shall be passed, any authorisation withdrawn or revoked or the Authority issues any direction which renders it illegal or in the opinion of the Managers impracticable or inadvisable to continue the Trust.

19.6.5 The party terminating the Trust shall give notice thereof to the Holders fixing the date at which such termination is to take effect which date shall not be less than six months after the service of such notice and the Managers shall give written notice thereof to the Authority not less than seven days before such termination.

19.6.6 The Trust may at any time after ten years from the date of the Principal Deed be terminated by Extraordinary Resolution of a meeting of the Holders duly convened and held in accordance with the provisions contained in the Schedule to the Deed and such termination shall take effect from the date on which the Extraordinary Resolution is passed or such later date (if any) as the Extraordinary Resolution may provide.

19.7 Termination of Class

19.7.1 Each Class is of indeterminate duration and may be terminated as provided in Clause 33A of the Deed.

19.7.2 The Managers may in their absolute discretion terminate a Class by not less than one month's notice to the Trustee. In the event a Class is to be terminated in the manner provided in this paragraph, the Managers shall give notice thereof in writing to the Holders of that Class not less than one month in advance of such termination.

19.7.3 A Class may be terminated by the Trustee if any law is passed or any direction is given by the Authority which renders it illegal or in the opinion of the Trustee impracticable or inadvisable to continue that Class or if any approval or authorisation of that Class is revoked or withdrawn. The decision of the Trustee in such event shall be final and binding upon the Managers and the Holders but the Trustee shall be under no liability on account of any failure to terminate a Class pursuant to Clause 33A(C) of the Deed or otherwise.

19.7.4 A Class may be terminated by the Managers:

- (i) if the Units of that Class in issue fall below a number to be determined by the Managers;
- (ii) if the Managers are of the view that it is not in the best interest of Holders of Units in that Class to continue the Class; or
- (iii) if any law is passed or any direction given by the Authority which renders it illegal or in the opinion of the Manager impracticable or inadvisable to continue that Class or if any approval or authorisation of that Class is revoked or withdrawn.

The decision of the Managers in any of the events specified in Clause 33A(D) of the Deed shall be final and binding upon the Trustee and the Holders but the Manager shall be under no liability on account of any failure to terminate a Class pursuant to Clause 33A(D) of the Deed or otherwise.

19.7.6 A Class may at any time be terminated by Extraordinary Resolution of a meeting of the Holders of that Class duly convened and held in accordance with the provisions contained in the Deed and such termination shall take effect on the date on which the said Extraordinary Resolution is passed or on such later date (if any) as the said Extraordinary Resolution may provide.

PROVIDED THAT, if the quotations referred to in (ii), (iii) and (iv) above are not available, or if the value of the Authorised Investment determined in the manner described in (i), (ii), (iii) or (iv) above, in the opinion of the Managers, is not representative, then the value shall be such value as the Managers may with due care and in good faith consider in the circumstances to be fair value and is approved by the Trustee and the Managers shall notify the Holders of such change if required by the Trustee. For the purposes of this proviso, the "fair value" shall be determined by the Managers in consultation with a dealer or an approved valuer and with the approval of the Trustee in accordance with the Code.

In exercising in good faith the discretion given by the proviso above, the Managers shall not, subject to the provisions of the Code, assume any liability towards the Trust, and the Trustee shall not be under any liability, in accepting the opinion of the Managers, notwithstanding that the facts may subsequently be shown to have been different from those assumed by the Managers.

In calculating the Value of the Deposited Property or any proportion thereof:-

- (i) every Unit agreed to be issued by the Managers shall be deemed to be in issue and the Deposited Property shall be deemed to include not only cash or other assets in the hands of the Trustee but also the value of any cash, accrued interest on bonds or other assets to be received in respect of Units agreed to be issued after deducting therefrom or providing thereout the Preliminary Charge and (in the case of Units issued against the vesting of Authorised Investments) any moneys payable out of the Deposited Property pursuant to Clause 9 of the Deed;

- (iii) where in consequence of any notice or request in writing given pursuant to Clause 11, 11A or 12 of the Deed, a reduction of the Trust by the cancellation of Units is to be effected but such reduction has not been completed the Units in question shall not be deemed to be in issue and any amount payable in cash and the value of any Authorised Investments to be transferred out of the Deposited Property after deducting therefrom or providing thereout the Realisation Charge (if any) in pursuance of such reduction shall be deducted from the Value of the Deposited Property;
- (iv) there shall be deducted any amounts not provided for above which are payable out of the Deposited Property including:-
 - (a) any amount of Management Fee (which shall be deducted in accordance with the provision below in this paragraph 19.8 if the Trust has more than one Class and the management fee differs between the Classes), the remuneration of the Trustee and any other expenses accrued but remaining unpaid;

- (vi) there shall be added the amount of any tax, if any, on capital gains estimated to be recoverable and not received;
- (vii) any Value (whether of an Authorised Investment or cash) otherwise than in Singapore Dollars and any non-Singapore Dollar borrowing shall be converted into Singapore Dollars at the rate (whether official or otherwise) which the Managers shall after consulting with or in accordance with a method approved by the Trustee deem appropriate to the circumstances having regard inter alia to any premium or discount which may be relevant and to the costs of exchange except where such Value is in relation to a Class that is not denominated in Singapore Dollars, such Value (whether of an Authorised Investment or cash) otherwise than in the currency of the Class and any borrowings otherwise than in the currency of the Class may be converted into the currency of the Class at the rate (whether official or otherwise) which the Managers shall after consulting with or in accordance with a method approved by the Trustee deem appropriate to the circumstances having regard inter

alia to any premium or discount which may be relevant and to the costs of exchange; and

- (viii) where the current price of an Authorised Investment is quoted "ex" dividend, interest or other payment but such dividend, interest or other payment has not been received the amount of such dividend, interest or other payment shall be taken into account,

the Managers may, subject to the prior approval of the Trustee, change the method of valuation provided in this paragraph, and the Trustee shall determine if the Holders should be informed of such change. In the case where the Trust has more than one Class, the Value of the proportion of the relevant Deposited Property attributable to each Class shall be calculated by apportioning the Value of the relevant Deposited Property (obtained in accordance with the provisions above provided that no deduction or addition shall be made in respect of expenses, charges or other amounts which are not common to all the Classes) between the Classes and then deducting from or adding to the value of the proportion of the Deposited Property for each Class any expense, charge or other amount attributable to such Class (including, but not limited to, the management fee if it differs between Classes within the Trust). For the avoidance of doubt, where any expense, charge or amount payable out of or payable into the Deposited Property pursuant to the Deed is attributable only to a particular Class within the Trust, such amount shall only be deducted from or added to the value of the Deposited Property which is attributable to that Class and shall not affect the calculation of the Value of the Deposited Property attributable to other Classes within the Trust.

19.9 Use of Financial Derivative Instruments

The global exposure of the Trust to financial derivatives or embedded financial derivatives shall not exceed 100% of the net asset value of the Trust at any time (or such other percentage as may be allowed under the Code). Such exposure will be calculated using the commitment approach as described in, and in accordance with the provisions of, the Code.

If the Trust nets its over-the-counter financial derivative positions, the Managers will obtain the legal opinions as stipulated in paragraph 5.15 of Appendix 1 of the Code (or as may otherwise be required under the Code) prior to any such netting.

The Managers and (as the case may be) the Sub-Managers have the necessary expertise to manage the risk relating to the use of financial derivative instruments and will ensure that the risk management and compliance procedures are adequate and have been or will be implemented.

19.10 US Foreign Account Tax Compliance Act ("FATCA")

FATCA was enacted in the US in 2010. It introduces a number of new customer identification, reporting and tax withholding requirements applicable to foreign (*i.e.*, non-US) financial institutions ("**FFIs**") that are aimed at preventing citizens and residents of the US from evading US taxes by holding their assets in financial accounts outside of the US with such FFIs. The term "FFI" is defined very broadly and therefore the Trust is considered a FFI.

The following is a general discussion of the application of FATCA to the Trust, as well as existing and prospective investors or Holders of the Trust. It is included for general informational purposes only, should not be relied upon as tax advice and may not be applicable depending upon your particular situation. You should consult your tax advisor regarding the tax consequences to you of the purchase, ownership and disposition of the Units of the Trust, including the tax consequences under US federal laws (and any proposed changes in applicable law).

FFI AGREEMENTS AND FATCA WITHHOLDING

FATCA generally requires FFIs to enter into agreements (“**FFI Agreements**”) with the US Internal Revenue Service (“**IRS**”), under which they agree to identify and report information to the IRS on any US reportable accounts held by them. The IRS assigns a global intermediary identification number to each FFI that has entered into an FFI Agreement, which confirms the FFI’s status as a “Participating FFI”. If an FFI fails to enter into an FFI Agreement and is not otherwise exempt, it will be treated as a nonparticipating FFI and may become subject to a 30 per cent withholding tax on “withholdable payments” or “passthru payments” (as defined in FATCA) it receives (collectively “**FATCA Withholding**”), unless the FFI complies with FATCA under other permissible alternatives.

APPLICATION OF FATCA TO THE TRUST AND INVESTORS

Singapore and the US signed a FATCA Model 1 Intergovernmental Agreement (the “**Model 1 IGA**”) on 9 December 2014 and the Model 1 IGA entered into force on 18 March 2015.

Under the Model 1 IGA, Singapore-based financial institutions will have to comply with the relevant FATCA provisions in the Income Tax Act (Cap.134) and the regulations in the Income Tax (International Tax Compliance Agreements)(United States of America) Regulations 2015 which implements such FATCA requirements into Singapore laws and, under such changes, the Managers, the Trustee, distributors and / or other service providers to the Trust may be required to report and disclose information of certain investors in the Trust including any “U.S. Person” or any “U.S. Reportable Account” (as defined in the Model 1 IGA) to the relevant Singapore authorities which will in turn report the information to the IRS. Existing and prospective investors in the Trust may therefore be requested to provide additional information to the Managers, the Trustee, distributors and / or other service providers to the Trust in order to enable the Trust and such parties to satisfy their obligations under Singapore laws, regulations and guidance which have been implemented as part of the Model 1 IGA. Failure by an investor to provide such information may result in such investor being subject to FATCA Withholding.

Guidance in Singapore as to the mechanics and scope of this new reporting and withholding regime has been provided in the Inland Revenue Authority of Singapore’s e-Tax Guide entitled “Compliance Requirements of the Singapore-US Intergovernmental Agreement on Foreign Account Tax Compliance Act” which was published on 17 March 2015. There can be no assurance as to the timing or impact of such guidance on future operations of the Trust or on any investor in the Trust.

19.11 Automatic Exchange of Information (“AEOI”)

The Common Reporting Standard (“**CRS**”) is a new, single global standard on AEOI which was approved by the Council of the Organisation for Economic Cooperation and Development (“**OECD**”) in July 2014. The CRS builds on the FATCA reporting regime to maximise efficiency and reduce costs for implementing jurisdictions and their financial institutions. The CRS sets out details of the financial information to be exchanged, the financial institutions required to report, together with common due diligence standards to be followed by financial institutions.

Under the CRS, participating jurisdictions are required to exchange certain information held by financial institutions regarding their non-resident customers. Over 100 jurisdictions have committed to exchanging information under the CRS and Singapore has committed to implement the CRS with the first exchange to take place by September 2018. The Income Tax (International Tax Compliance Agreements) (Common Reporting Standard) Regulations 2016 (“**CRS Regulations**”) incorporate the requirements of the CRS into Singapore’s domestic legislative framework. The CRS Regulations entered into force on 1 January 2017.

The CRS Regulations requires and empowers all financial institutions to put in place necessary processes and systems to collect financial account information from 1 January 2017. The Trust is required to disclose the name, address, jurisdiction(s) of tax residence, date and place of birth, account reference number and tax identification number(s) of each reportable person in respect of a reportable account for CRS and information relating to each of your investments (including but not limited to the value of and any payments in respect of the Units) to the Inland Revenue Authority of Singapore who may in turn exchange this information with the tax authorities in territories who are participating jurisdictions for the purposes of the CRS. In order to comply with its obligations, the Trust may require additional information and documentation from you.

The non-provision of information requested by the Trust pursuant to CRS may result in the inability to process instructions from such investor, including any redemption requests, and/or otherwise deal with the investor or his accounts and holdings in the Trust or other appropriate action taken by the Trust. The refusal to provide the requisite information to the Trust may also be reported to the Inland Revenue Authority of Singapore.

The above description is based in part on CRS Regulations and guidance from the OECD in relation to the CRS, all of which are subject to change.

You will be deemed by your Applying for Units (as defined in paragraph 19.12 below) to have authorised and to have obtained consent from third party individuals, whose personal information you have disclosed to the Trust, to the automatic disclosure of such information by the Administrator, or other relevant person to the Inland Revenue Authority of Singapore and other relevant tax authorities.

You should consult your own tax advisers on the requirements applicable to you under these arrangements.

Pursuant to the Personal Data Protection Act 2012 of Singapore, an individual may withdraw his/her consent to the collection, use and/or disclosure of his/her Data. Investors may wish to note that a notice of withdrawal of consent submitted by an investor or a third party individual relevant to that investor: (1) may result in the inability to process instructions from such investor, including any redemption requests, and/or otherwise deal with the investor or his accounts and holdings in the Trust; and (2) shall not prevent the continued use or disclosure of Data for the purposes of compliance with any legal, governmental, compliance or regulatory requirements within Singapore and in any foreign jurisdiction, unless otherwise prohibited by applicable mandatory laws.

19.13 Credit assessment process

The Managers have established a set of internal credit assessment standards and have put in place a credit assessment process to ensure that their investments are in line with these standards (should the Managers rely on ratings issued by credit rating agencies). Information on the Managers' credit assessment process will be made available to investors upon request.
